Why this machine will work for you:

All Simplex machines are manufactured with care to ensure quality, performance and flexibility. The Simplex 3-in-1 "Combination Table" is for small container fills under 20.9 oz. The combination unscrambler and accumulator table is a compact, self contained system with an automated built in single or double head filling machine. A container indexing system is standard and optional plunging spouts, plug spouts, neck gripper and drip tray are available. ECONOMICAL and VERSATILE, the 3-in-1 "Combination Table" is also constructed of USDA approved materials making it useful for many more applications.

Components Included:

- variable speed controls
- NEMA 4 switch enclosure
- stainless steel table top
- 1/2 hp motor
 - Table Section: 1ph, 60 cy, 110 VAC, 9 Amps
