Machine shown with optional accessories

Specifications:

Speed:	10-150 rpm
Sizes:	28" L x 14" W x 12" H (71L x 36W x 31H cm)
Weight:	Net 120 lbs. (68 kilos)
Ship Weight:	180 lbs. approx. (91 kilos)
FOB:	Napa, California

Why this machine will work for you:

All Simplex machines are manufactured with care to ensure quality, performance, and flexibility. The Simplex **High Speed Multi-Lid Dropper** is a **simple** and **easy to use** unit, which is designed to merge with an automated conveyor system. It is **fully adjustable** for all lids from **1/4 - pint to 1 gallon** with **quick changeover in around two minutes**. This **variable speed** machine is **compact, durable**, very **reliable**, and is available in all standard voltages. By eliminating the long changout time required by old style inserts needed for each lid size, the **High Speed Multi-Lid Dropper reduces down-time** for changeover and will mount on an existing conveyor line or on a Simplex conveyor.

Available Components:

- Lid centering stars
- Standard voltage motors (special voltages available)
- 1/3 hp - Class 1, Div 1, Group D, Explosion Proof Motor, Single Phase
(Final wiring is responsibility of customer)
